

CBS Affiliates Spotlight Brain Injury Awareness Day

KCBS-Channel 2 broadcast a story highlighting an event by the UCLA Department of Neurosurgery's Brain Injury Research Center to raise awareness of traumatic brain injury, or TBI. The segment featured popular actor Larry Miller and Ironman athlete Greg Parks, who both recovered from TBIs at Ronald Reagan UCLA Medical Center. [Learn more »](#)

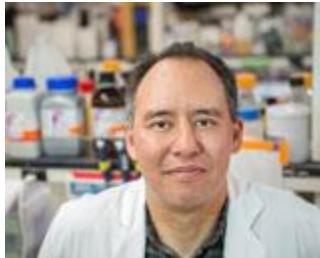

NBC-4 Spotlights Virtual Neurosurgery

KNBC-Channel 4 aired a segment on a virtual-reality software that enabled Dr. Neil Martin, chair of neurosurgery at the David Geffen School of Medicine at UCLA, to practice complex cases prior to entering the operating room to ensure the utmost precision and most successful outcomes. Martin and two of his patients were interviewed. [Read more »](#)

Neurosurgeon Nationally Honored for Teaching Excellence

The Lodi News-Sentinel published a profile of Dr. Isaac Yang, an assistant professor of neurosurgery at the David Geffen School of Medicine at UCLA, who was honored by the American Medical Student Association with its National Golden Apple Award for Teaching Excellence. A former Lodi resident, Yang received the award at the association's 65th Annual Convention in Washington, D.C. [Read more »](#)

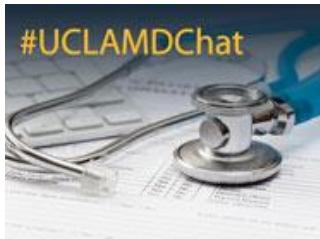

Brain Injury Expert Explains Concussion Treatment

Dr. Christopher Giza, director of the UCLA Steve Tisch BrainSPORT Program and a professor of neurosurgery and pediatrics at the David Geffen School of Medicine at UCLA and Mattel Children's Hospital UCLA, was interviewed by Bill Carroll on KFI 690AM about the latest approaches for treating young athletes with concussions. (Begins at 17-minute mark.) [Learn more »](#)

Mending Kids International Helps Pediatric Patient

Dr. Jorge Lazareff, professor emeritus of pediatric neurosurgery, was interviewed by KMEX-Channel 34 in a story about a 2-year-old boy from Mexico with hydrocephalus who is being helped by the nonprofit organization called Mending Kids International. [Learn more »](#)
